COMPOSITE (1-8) ENGLISH MEDIUM UPS ELAMPUR, ALIGARH

SCHOOL PROGRESS REPORT

ALL ABOUT SCHOOL'S ACHIEVEMENTS

HISTORICAL BACKGROUND

Composite(1-8) English Medium Upper Primary School, It was established in 1947 as a primary school having an open area covering plinth area of 10,000 square meter. Initially, School was started with 05 classrooms and with low registration of students. By consistent efforts of teaching staff, students' enrollment increased and there was a progressive development in the basic facilities and infrastructure of school with the administrative support.

Mr. Virendra Singh took a charge of school as a headmaster in 2014 , He felt that school needs a all round development such as infrastructure, boundary wall, sports facilities, technological facilities, innovative learning. With his personal efforts and dedication along with support of teaching and non-teaching staff, district administration, BSA, BEO, school is changed drastically. At present, Approx. 850 students are studying in school having suitable ambiance for students. School campus is flourished with a lot of flora. School has enrolled enormous number of students not only in district but at state level also.

INFRASTRUCTURE DEVELOPMENT

BEFORE

AFTER

INSPECTION OF SCHOOL BY DR. LAXMI KANT PANDEY, BSA, ALIGARH AFTER DEVELOPMENT OF INFRASTRUCTURE

As it is clearly depicted from above mentioned pictures of school before and after development. Before 2015, school was having very poor infrastructure, water logging problems, kaccha pathways inside the school and there was no proper boundary wall. There was an inadequate furniture, shortage of fans inside classrooms etc. During rainy season , students were not able to reach their respective classes due to water logging problems inside the school campus. Most of the floor area of school was Kaccha.

During the preceding 6 years, by the personal efforts made by Headmaster of the school with the support of teaching and non teaching staff of school.

There is a drastic change in the infrastructure such as Boundary wall, Interlocking Pathways, electrification, a good quality furniture , a lot of flowering plants and other plants have created a well suited educational environment for tiny tots. All walls of the school have been painted by the teachers. Most of the floor area of school made pucca by leaving the floor for playground, and by considering the rain harvesting factor also.

School was inspected and visited by the various administrative officers, dignitaries and Dr. Laxmi Kant Pandey ,BSA, Aligarh. The Efforts made by school headmaster, teaching and non-teaching staff were highly appreciated by All.

TECHNOLOGICAL DEVELOPMENT

INAUGURATION OF COMPUTER LAB BY DM, ALIGARH

In today's technological era, school was lagging behind in terms of technological tools used for teaching various subjects effectively. It was felt that school should develop educational technology to cater the requirement of students. Efforts were made by the school to meet the financial requirements for above said facilities. A Computer Lab was established in July 2018 with computers having internet facilities to meet the requirements of students. The Lab has 04 latest functional computers with internet facilities, LED, Projector and printer with various educational softwares. Computer Lab of school was inaugurated by Mr. Chandra Bhushan, District Magistrate Aligarh and Mr. Laxmi Kant Pandey , BSA, Aligarh. It is the only Computer Lab setup in district to fulfill the technological requirements of school students.

USE OF COMPUTER LAB BY STUDENTS

Computer Lab of school has following utilities:

- Interactive learning facilities.
- Students learn basics of computer.
- It provides platform for learning with Audio video.
- Students learning outcome is much more better.
- Lab is quite useful in teaching specially the subjects like science, social science.
- It has enhanced the technological capabilities of teachers.
- Due to availability of lab, students enrollment has increased.
- It provides better School Data Management.
- It provides facilities for ONLINE teaching learning in today's scenario.
- It helps in language learning.

SCIENTIFIC & INNOVATIVE LEARNING

INNOVATIVE TEACHING LEARNING

In today's world, there is a need of scientific attitude development with innovative learning at school level. Students must be provided with equipments, apparatus to learn with experiments, observations & practical experience of various situations with scientific attitude.

School has a well equipped laboratory having all modern & sophisticated apparatus and equipments, fresh chemicals which caters the requirements of approximate 400 students of Upper Primary level. Students are exposed to all realistic situation with various experiments by well experienced and trained teachers.

Students get in-hand experience and augmented by innovative and scientific learning at school level. Teachers teach science with innovative learning using various softwares with the help of computers and projector. The efforts made by school with the support of science teachers of the school is highly appreciable not only at school level, but also it gives a lot of satisfaction to the all students while learning science.

Students take part in various quizzes, debates and competitions at various levels under the able guidance of science teachers. With these all innovative & scientific learning, school is getting its fame at various levels. More no. of students are enrolled in school every year.

EDUCATIONAL TOURS

VISIT OF TAJMAHAL, AGRA

Educational trips form a valuable part of curriculum for students. Making Educational tours an essential part of students' academics is an effective idea to motivate them to learn more.

The basic reason for educating students is to let them know more and dig deep into many concepts and explore them. This cannot be fulfilled only with the help of books and classroom learning. To explore deeply, students require more and more awareness and knowledge on the subjects they are reading. Such a knowledge transformation can happen only with the help of Educational Tours. Learning something by seeing it in person is far better than just learning from books.

School organise various educational tours every year which is an unique experience for students and teachers. Students were exposed to visit of Tajmahal on 2nd Nov 2019.

After visiting Tajmahal , students learned about various historical aspects, importance and the fame of monument worldwide. During visit teachers explained about subject more deeply during tour to make better understanding of social science subject. There was a better coordination among teachers and students during the tour. It enhances the organising capabilities of teachers and social adaptability during out door activities.
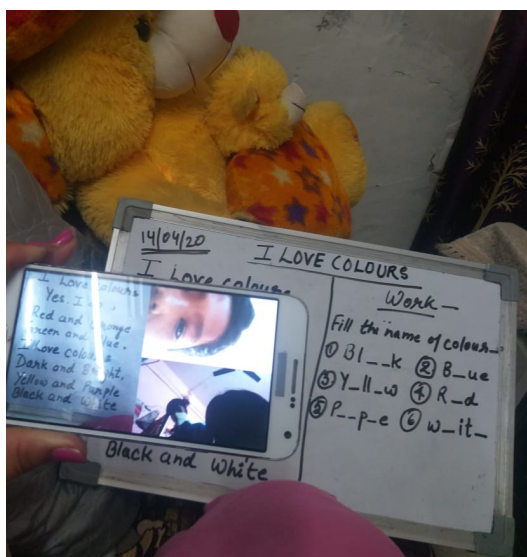

ONLINE TEACHING FACILITIES

TEACHING WORK THROUGH CHAUPAL PATHSHALA

STUDENTS WERE APPRISED ABOUT 42% STUDENTS WERE BENEFITTED.

DOORDARSHAN PROGRAMME AND

ONLINE TEACHING LEARNING

Due to the current situation of COVID-19, Under Mission Prerna, entire teaching staff is providing benefits to the students via means of E-pathshala, TV programme, diksha app, prerna lakshya app, whatsapp, google meet live, zoom meeting live, read along app etc. Teachers are also providing learning content as videos, notes etc. Teaching staff is communicating to the students regularly for making a healthy connection during these unprecedent times too.

COOPERATION AND GUIDANCE

At times, the online teaching work is being further strengthened and successful with the guidance and cooperation of Dr. Laxmi Kant Pandey, District Basic Education Officer and Block Education Officer.

E-PATHSHALA PROGRESS REPORT

Diksha app installed	91
Communication done by teachers with parents (in last 2 weeks)	682
Number of Prerna Sathi	08
Number of Diksha & Prerna App installed by Prerna Sathi	06
Students benefitted by Prerna Sathi by phone	35
Students benefitted by Prerna Sathi	51

Registered students

Boys/girls	number
Boys	366
Girls	359
Total Number	725

SPORTS FACILITIES

Sports develop the physical as well as mental strength in students. Daily physical exercise is essential for students because exercise not only helps students to stay healthy, but it also helps to improve their emotional fitness.

Sports should be a major part of the school curriculum because if students stay emotionally and physically healthy, they can easily focus on their studies. Students have to participate in school sports to increase confidence, mental alertness, and self-esteem. Sports are important in schools because it helps to teach various skills to students like leadership, patience, team efforts, and social skills.

SPORT ACTIVITIES

School has sports facilities for various indoor and outdoor games. Students of school participate in various sports events at school level, block level, district level and represented school many times.

Students are properly trained by sports teacher along with their regular studies to enhance the skill of sportsmanship. Sports participation of students provide them opportunities to lead from front and provide leadership qualities.

EXTRA CURRICULAR ACTIVITIES

MID DAY MEAL ARRANGEMENT IN SCHOOL

EXTRA CURRICULAR ACTIVITIES

VARIOUS SCHOOL ACTIVITIES AND ACHIEVMENTS

Extracurricular activities offer all students the opportunity to excel in an area that does not directly involve academics. These activities can boost a student's confidence and help diminish any anxious feelings caused by possible school classes. Activities outside of school also allow for socialization for students. Many students develop friendships with peers through outside activities.

School organises various extra curricular activities such as Mehandi Competition, Drawing Competition, Production of Best out of Waste, quiz, debate, sports including events for specially abled students of the school at various occasions during academic calendar. It increases the self confidence in students and they also learn how to organise events under the supervision of qualified teachers in various activities. Students prepare various art activities with the support of teachers which can be clearly seen from the wall paintings of school inside the campus.
